[natalia kills]

i can see you in the dark
i see you h-h-h-hiding away
i can feel you in the darkness
and all the little games you play
i can read your dirty mind
the good get shit won't fly with me
boy i'm on you like a polygraph
love killer, heart stealer, this is what i see

[chorus]

I know you and you can't lie
no baby you can't lie
you run but you can't hide
i see you when you're pulling
the wool over my eyes
the wool over my eyes

[far east movement]

lights out
go crazy
go crazy
go go go
l-l-lights out
go crazy
go go go go
go crazy

[natalia kills]

boy, i got a phd
i got a masters in boyology
i'm psychic, psycho, call it what you want
but i'm on it, i'm on ya
make her think that she's the one
then she'll wake up and there you're gone
you got the magic tricks in your hand
wrong lady, wrong number, got it all planned
i know you and you can't lie
no, baby you can't lie
you run but you can't hide
i can see you when you're pulling
the wool over my eyes
the wool over my eyes
[far east movement]
lights out

go crazy
go crazy
go go go
l-l-lights out
go crazy
go go go go
go crazy
[far east movement]
far east movement
hide and seek, made you peek
put you to sleep, like 20 sheep
wrap my tie on your neck
that's what I call a freak on a leash
help yourself, grab my belt
pull my pants straight to hell
oh, my god natalia kills
this must be how heaven feels
[chorus:]
i know you and you can't lie
no, baby you can't lie
you run but you can't hide
i can see you when you're pulling
the wool over my eyes
the wool over my eyes
[far east movement]
lights out
go crazy
go crazy
go go go
l-l-lights out
go crazy
go go go go
go crazy
