"You've Got A Friend"

(feat. Lil Rob and Baby Bash)

All you need to know is you've got a friend
We've been living life, right 'til the end
If I'm troubled I know I can depend
'Cause all I need to know is I've got a friend

Baby let's cruise with the radio tunes
You know the best times come when there's nothing to
do
It's rare that a player get a minute or two
So I cherish every second with a girl like you

Ain't nothing like a home girl down for the ride
Nothing like a home girl down for life
Baby be my love, you could be my Left-Eye
Be my umbrella, through the rain or shine

When I'm out of state I know you'll rep me
Ain't no other woman will accept me
A man's only true as his options
But I keep it real home girl, cause I've got you

[Baby Bash:]

When you feel a hand on your back, you've got a friend
When you put me on the right track, you've got a friend
When I show the love right back, you've got a friend
Damn it feels good to know I've got a friend

All you need to know is you've got a friend,
We've been living life right 'til the end
If I'm troubled I know I can depend
'Cause all I need to know is I've got a friend

[Lil Rob:]

Yeah, when things get a little shaky like a can of Krylon
You need a shoulder to cry on, need someone to rely
on
I want you to know when you need a friend
I'm definitely a friend you can depend on

You can depend on me
Like my name was Smokey

[Lil Rob:]

So when things don't seem to be going your way
And nothing seems to be going right
I want to be the man that'll brighten your day
And turn your darkness to light

[Lil Rob:]

I'll be around to turn your frown upside down,
permanently
Because you've been a good woman to me
You deserve the best and nothing less
So the best is what you get and all my respect

[Lil Rob:]

What you expect
You've got my palabra
All the way 'til the end
Baby doll you've got yourself a friend

All you need to know is you've got a friend
We've been living life right 'til the end
If I'm troubled I know I can depend
'Cause all I need to know is I've got a friend

[Baby Bash:]

I'll always be your player partner
In and out the hot tub, always steak and lobster,
Smoking on a chopper

[Baby Bash:]

Scraping through the boulevard, back to the avenue
Good vibe, attitude, I ain't even mad at you
Matter of fact that's all I feel with some gratitude
I just appreciate the time that I have with you

[Baby Bash:]

Now I'm in and out your life like a robbery
Got me on the road 'til I'm getting paid properly
And I can feel that you still so proud of me
And I can never get your corazon out of me

[Baby Bash:]

So little mama I'm a always be your handyman
So give me a call when you ready for some candyland

All you need to know is you've got a friend
We've been living life right 'til the end
If I'm troubled I know I can depend

'Cause all I need to know is I've got a friend

All you need to know is you've got a friend
We've been living life right 'til the end
If I'm troubled I know I can depend
'Cause all I need to know is I've got a friend
