When one is lonely the days are long
You seem so near but never appear
Each night I sing you a lover's song
Please, try to hear, my dear, my dear

Someday I'll find you, moonlight behind you
True to the dream, I am dreaming
As I draw near you, you'll smile a little smile
For a little while, we shall stand hand in hand

I'll leave you never, love you forever
All our past sorrow redeeming
Try to make it true, say you love me too
Someday I'll find you again

Can't you remember the fun we had?
Time is so fleet, why shouldn't we meet?
When you're away from me days are sad
Life's not complete, my sweet, my sweet

I'll leave you never, love you forever
All our past sorrow redeeming
Try to make it true, say you love me too
Someday I'll find you again
