When the party's over
And everyone's gone home
Play the music slower
And leave me all alone

'cause this is where it starts
You'll find me in the dark
Yeah, this is where it starts
This is where I fall apart

This is where I fall apart

I'll break through the glass
Disregarding the past
That I dwelt on
These past few weeks

And, I'll open the door
To the hall
And I'll crawl
On the floor
'Till I stand on my feet

And when the band stops playing
And everyone's leaving
Will you sit beside me
Make sure that I'm breathing

'cause I could take good care of you
If you could take good care of me
This is where I'm all alone
And this is where I can't go home

This is where I fall apart

I'll break through the glass
Disregarding the past
That I dwelt on
These past few weeks

And, I'll open the door

To the hall
And I'll crawl
On the floor
'Till I stand on my feet

I'll break through the glass
Disregarding the past
That I dwelt on
These past few weeks

And, I'll open the door
To the hall
And I'll crawl
On the floor
'Till I stand on my feet

On my feet

Play the music slower
That'll set the tone [x3]

Play the music slower [x2]

'cause this is where I fall apart

I'll break through the glass
Disregarding the past
That I dwelt on
These past few weeks

And, I'll open the door
To the hall
And I'll crawl
On the floor
'Till I stand on my feet

I'll break through the glass
Disregarding the past
That I dwelt on
These past few weeks

And, I'll open the door
To the hall
And I'll crawl
On the floor
'Till I stand on my feet

On my feet

'cause this is where it starts
You'll find me in the dark

Yeah, this is where it starts
This is where I fall apart
