Two smoking guns in the darkest night (Your
Judgement)

A figure emerges in the pale moon light (Revenge)
Your justice has been served by a faceless vigilante
He's picking off gangsters thugs and junkies

Your hear footsteps behind you and your blood runs
cold

They'll find ya face down in a dumpster
Your body three days old

Watch your back - don't go out at night
cause you may never come back

Watch you back - where ya gonna be when the wicked
are attacked

Where's your salvation boy there ain't no turning
back

Mutilation's running rampant in the streets (In The
Streets)

Nightfall's bringing judgment to everyone he meets
(Revenge)

You're on your back you're looking straight up to the
sky

There's no where to run boy and there ain't no where
to hide
