Helplessly in control of her,  
Love beyond all reason,  
She helps us mask reality,  
To our demise,  
Carving out the symptoms,  
Pull asunder (us under),

We're falling down,  
Coming down,

Let water purge our souls with time,  
As night fades in to dawn,  
It's rays erase what's dead and burned,  
A shallow grave,  
Alone and cold,  
As night fades in to dawn,  
It's rays erase what's dead and burned,

Sand, it grazes, red seeps into white,  
Brief the moment of radiance,  
Dusk enclosing, bars now standing strong,  
Self revival is the key,

But the brightness blinds our eyes,  
Bitter horizon light,  
These poisoned veins are mine,  
Must purge to save my life,  
But my ships out at sea tonight,  
Looks like it's never coming home,

Let water purge our souls with time,  
As night fades in to dawn,  
It's rays erase what's dead and burned,  
A shallow grave,  
Alone and cold,  
As night fades in to dawn,  
It's rays erase what's dead and burned,

I will die for my queen,  
Worship her needs,  
No question or doubt,  
I am down on my knees,

Die for my queen,  
Worship her needs,  
No question or doubt,  
I will fall at her feet
