I've got a picture of you and me,
And it's taped to the mirror so you can
See alright
I'm not sure exactly how I feel about it
Stay all night
There's one last chance to hold each other tight

We're gonna say goodbye,
We're gonna say goodnight
I wish there was more time

Because we're giving it up,
But we'll be just fine
We're gonna go, go, go
To the next state line
And we're living it up,
Leave it all behind!
And we'll say goodnight
To a closing skyline

I'm alright
Absolutely sure I'll get through all of this
Up all night
There's one last shot to get the ending right

We're gonna say goodbye,
We're gonna say goodnight
I wish there was more time

Because we're giving it up,
But we'll be just fine
We're gonna go, go, go
To the next state line
And we're living it up,
Leave it all behind!
And we'll say goodnight
To a closing skyline

With all the addicts and indies
Around this town!
And the geeks, and the mods,

And the tame street clowns!
Yeah, we gotta get out somehow!
Yeah, well, we gotta get out somehow!

From all the dive bars and rock stars
That plague this place
To the thugs, and the bums
That get in your face!
And all the bullshit and drama
That can't be erased
Yeah, we gotta get out somehow!

Because we're giving it up,
But we'll be just fine
We're gonna go, go, go
To the next state line
And we're living it up,
Leave it all behind!
And we'll say goodnight
To a closing skyline

Because we're giving it up,
But we'll be just fine
We're gonna go, go, go
To the next state line
And we're living it up,
Leave it all behind!
And we'll say goodnight
To a closing skyline
