Sometimes I think I'd be better off dead

I can't believe I missed the punchline
Completely unaware that anything was said
(Give me) Any kind of compliment
I'll take anything I can get
(Show me) just one sign of intelligence
I'll write it down so I don't forget

Expect the worst, and I'll fall like a star
Self-destructive, burnt myself up on the way down now
Take back the words on the tip of my tongue

Idiotic masterpiece for all the world to see
Drowned out by the voices in my head

Meet me at loveline, I'll see you next time
Cock-sucker motherfucker is all she said...
Textbook head-case, I plead incompetence

Oh, I can't wait to wrap my hands around your neck
Demanding sympathy, accepting apathy
I'll take anything I can get (I'll take anything I can get)

Expect the worst, and I'll fall like a star
Self-destructive, burnt myself up on the way down now
Take back the words on the tip of my tongue, and
smoke until my brain goes numb

I'll take anything I can get
(Show me) just one sign of intelligence
I'll write it down so I don't forget

Expect the worst, and I'll fall like a star
Self-destructive, burnt myself up on the way down now
Take back the words on the tip of my tongue, and
smoke until my brain goes numb

Expect the worst, and I'll fall like a star(Expect the
worst, and I'll fall like a star)

Take back the words on the tip of my tongue, and
smoke until my brain goes numb
