Ohh babe...

Ohh babe...

The nights are long,
My days are cold,
Without the warmth you provide me when I hold,
You in my arms, feels so long ago,
When you were there...
I think a teardrop just fell down..

I really wanna come to see you,
I really really wish I could,
Maybe in a couple weeks,
It's only a couple weeks...

But even know I get to,
It's 14 days I gotta get trough (it's too many days babe)
And I'm really really missing you..

And I miss, miss, Miss..
I'm missing you..
And I don't know..
How I'm gonna make it trough..
But I gotta, gotta,
stay strong for us two..
I'm a man,
It's a job that I gotta do.

So I go outside and I fake a smile..
But if they only knew,
Just how many miles..
Were between love so true,
I really couldn't cope the way that we do (that we do..)
And I'm really really missing you,

You, you..

Baby when you're near,
All of my visions clear.
But like a magic show,
I blink and than you disapear..

And I frequently,
Envision of it would be..
To have you alone with me..
Give me a moment so I can breathe ..

Ok.

I really wanna come to see you,
Baby I wish I could ...(Wish I could..)
Maybe in a couple weeks (It's only two weeks)
It's only a couple weeks (But the problem is..)

Even though I get to..
It's 14 long days that I don't have you.. (It's too many
days babe)
And I'm really really missing you..
And I miss, miss.. Miss
I'm really really missing you.
And I don't know, (I don't know)
How I'm gonna make it through.

But I gotta, gotta ... (Gotta)
Stay strong for us two.
I'm a man,
It's a job that I gotta do.

So I go outside and I fake a smile,
But if they only knew,
Just how many miles.. (How many miles)
Were between love so true,
I really couldn't cope the way that we do.. (The way that
we do)
And I'm really really missing you (Missing you)

Cuz maybe one day babe,
Not too far away,
We can turn, all our dreams into memories.

(Not gonna be like this forever right?)

Baby we'll have that home,
Stars stares, all that we share..
Too many nights, over the phone.

I really wanna come to see you (uhuh)
Baby you know I do..
Maybe in a couple weeks (I'll try)
It's only a couple weeks (Can't promiss..)

But even know I get to,
Still don't wanna be away from you..

It's too many days babe,
And I'm really really missing you.

And I miss, miss, Miss..
I miss you..
And I don't know (I don't know)
How I'm gonna make it trough..
But I gotta, gotta,
Hold strong for us two (strong for us two)
I'm a man,
It's a job that I gotta do.

So I go outside (I'll go outside)
And I fake a smile (I'll fake a smile)
But if they only knew,
Just how many miles..
Were between love so true,
I really couldn't cope the way that we do..

And I'm really really missing you....
