God bled, I'm beating up myself and  
I'm wearing out myself  
To succeed in this game  
Scarred and bruised

I won't let up  
Nothing you say can tear me down  
End this nightmare  
And continue on the dreams

I'm beating up myself too much  
Too much runs through my head  
I'm up all night writing these lines  
Hopeful in mind  
I'm up all night writing these lines

Beyond the clouds of sorrow  
Be overcast my heart  
One point and purpose  
Races through my veins

This is the cure, one cure  
One cure for all our pain  
As if it were nothing

I'm beating up myself too much  
Too much runs through my head  
I'm up all night writing these lines  
Hopeful in mind  
I'm up all night writing these lines

I'm beating up, I'm beating up myself too much  
I'm up all night writing these lines  
I'm [Incomprehensible], hopeful in mind  
I'm beating up, I'm beating up myself too much

I'm beating up myself too much  
Too much runs through my head  
I'm up all night writing these lines  
Hopeful in mind  
I'm up all night writing these lines  
I'm hopeful in my mind
