

## **Farewell To Freeway "Threat Company"**

Visit "[Threat Company](#)" on MotoLyrics.com

Soft spoken words to you who knew that they'd spill the  
truth a lot to lose with the intake you choose last  
chance now I wouldn't think it over once cause I know  
these parasites breed allies take it from me for what  
it's worth tonight threat company they're making things  
worse for yourself for your mind a lapse in judgment  
will foreshadow more than you think sucker punch now  
on your feet you still find there are those who stand  
control you said everything would be okay and it's  
alright you said that you were wrong but I knew that you  
were always right hear me out
