She's a girl, she is fine
She's got a weapon and it's her eyes
I cannot stop see that girl
I mesmerized by her love
My hand are shakin' by I am fine
By heart is beatin' out of time
She's got a beauty and a perfect soul
She was the one I've been looking for

Please don't get away coz I can't live without you girl
My heart's beating and my hand are shaking for you
girl
I don't care what they say coz I know they won't
understand
I know they won't understand

Nobody's here but you and me
So take my hand, set me free
I'm sorry girl If I made you cry
If you don't forgive me I'll wish to die
I know it's hard for you my girl
But I'll protect you, Don't be worry
Like I told you before I'll tell you again
Your love is only thing that's running through my veins

Please don't get away coz I can't live without you girl
My heart's beating and my hand are shaking for you
girl
I don't care what they say coz I know they won't
understand

Please don't get away coz I can't live without you girl
My heart's beating and my hand are shaking for you
girl
I don't care what they say coz I know they won't
understand
I know they won't understand

I always wanted to fall in love but it broke my heart in
pieces
But now I've got you on my side, It means we gonna
live together if you only stay

Are you gonna stay baby?

Please don't get away coz I can't live without you girl
My heart's beating and my hand are shaking for you
girl

I don't care what they say coz I know they won't
understand

Please don't get away coz I can't live without you girl
My heart's beating and my hand are shaking for you
girl

I don't care what they say coz I know they won't
understand

I know they won't understand
