I know you love me  
I know you care  
I know your Special  
Tell me will you be there  
Open your eyes  
And see me again  
Just tell me you want me  
I can be your man

No, I can't believe  
She is out of my life  
No, I can't believe  
What I saw in her eyes  
This place is not where I wanna be  
(You better love me, baby)  
I just believe in our destiny  
(wanna be your lover, baby)

How does it feel  
When somebody loves you  
I wish you could love me  
Like I do

How does it feel  
When somebody holds you  
I tired of being lonely  
I don't know what to do

No, I can't believe  
She is out of my life  
No, I can't believe  
What I saw in her eyes

Ohh

This place is not where I wanna be  
(You better love me, baby)  
I just believe in our destiny

(wanna be your lover, baby)

When the night is breaking  
And my heart is aching  
I just need you to come  
And take my hand, baby  
I don't know where I came from  
But I know  
Where I do belong  
All I need is someone to understand

This place is not where I wanna be  
(You better love me, baby)  
I just believe in our destiny  
(wanna be your lover, baby)
