Visit "[A Virus On My Mind](#)" on [MotoLyrics.com](http://MotoLyrics.com)

At times the virus of the mind gets to us all  
But you must be strong  
Through darkest of abyss, we close our eyes most  
times  
But you must find your way back home

I tried so hard to be what you need  
But you wouldn't let me  
Here's some simple reasoning  
Life is what we want it to be  
And even I will pray for the broken hearts that be  
And those who slowly kill me

We can only stomach so much before we throw up  
We can only stand in the fire for so long before we burn  
up  
It's all over and I know that I'll be fine  
Anyway these bridges burn in time  
They burn in time, they burn in time

Here's some simple reasoning  
Life is what we want it to be  
And even I will pray for those wounded hands that be  
And those who slowly kill me

We can only stomach so much before we throw up  
We can only stand in the fire for so long before we burn  
up  
It's all over and I know that I'll be fine  
Anyway these bridges burn in time  
They burn in time, they burn in time

Before I fall asleep I want to know  
That you are listening to me  
I want to lay my head to rest  
And know you're here with me

We can only stomach so much before we throw up  
We can only stand in the fire for so long before we burn  
up  
It's all over and I know that I'll be fine  
Anyway these bridges burn in time

They burn in time, they burn in time
