Remember boy that your forefathers died  
Lost in millions for a country's pride  
But they never mention the trenches of Belgium  
When they stopped fighting and they were one

A spirit stronger than war was at work that night  
December 1914 cold, clear and bright  
Countries' borders were right out of sight  
When they joined together and decided not to fight

All together now  
All together now  
All together now  
In no man's land, together

All together now  
All together now  
All together now  
In no man's land, together

The same old story again  
All those tears shed in vain  
Nothing learnt and nothing gained  
Only hope remains

All together now  
All together now  
All together now  
In no man's land, together

All together now  
All together now  
All together now  
In no man's land, together

All together now  
All together now  
All together now  
In no man's land, together

All together now  
All together now

The boys had their say, they said no  
Stop the slaughter and let's go home  
Let's go, let's go, let's go, let's go, let's go

The boys had their say, they said no  
Stop the slaughter and let's go home  
Let's go, let's go, let's go, let's go home

All together now  
All together now  
All together now  
In no man's land, together

All together now  
All together now  
All together now  
In no man's land, together

The boys had their say they said no  
Stop the slaughter and let's go home  
Let's go, let's go, let's go home

The boys had their say they said no  
Stop the slaughter and let's go home  
Let's go, let's go, let's go, let's go, let's go,  
let's go home

All together now  
All together now  
All together now  
In no man's land, together

All together now  
All together now  
All together now
