I open my eyes and what do I see?
Four walls staring at me
Will you ever remember me?
Will you ever remember me?

I'm thinking of you all the while
To see your face and see your smile
Stand by me while I'm away
Stand by me for another day

Very, very, very emotional
Stay free, stay free, stay free
All of your days

You're making me happy
You're making me smile
I wanna be with you all the while
Will you ever remember me?
Will you ever remember me?

Very, very, very emotional
Stay with me, stay with me, stay with me
All of your days

Very, very, very emotional
Stay free, stay free, stay free
All of your days

Very, very, very emotional
Stay with me, stay with me, stay with me
All of your days

Very, very, very emotional
Stay free, stay free, stay free
All of your days

Remember me
Remember me

Don't you ever go away
Remember me
Remember me

Don't you ever, ever go away
Very, very, very emotional
