I walk the earth with a devil at my side  
I'm on my search and he's still not satisfied  
He will not stop until he's not satisfied  
I thought I should, I knew I could  
After trial and error  
The terror remains  
I thought I could

I know you know  
All the tears behind my fears  
I know you know  
All the tears behind my fears  
Once and for all

Recognize the price I've paid  
Now I turn the page  
Now you feel my rage  
I walked the earth with a devil at my side  
I exposed the nerve holding all the lies  
He'll feel my pain before he dies  
My ways have changed  
My life's rearranged

I know you know  
All the tears behind my fears  
I know you know  
All the tears behind my fears  
Once and for all

Recognize the price I've paid  
I've been through it all  
The rise and the fall  
Once and for all  
Recognize the price I've paid  
Now I turn the page  
Now you feel my rage
