You came out of nowhere and found me here
Was I prepared for it?
You offered me inches but then I thought
There must be more

Wait
Only moments when I'm with you

One labour of love is a work of art
Who could believe there's be two
People together a world apart
There must be more

Wait
All the subtleties coming through

The sadness is the way I feel about you
I sit around with nothing better to do
Sadness is a look I've seen in your eyes
I never knew till it took me by surprise

You losing your voice when I'm lost for words
Was I surprised to find you
Walking on water in your spare time
There must be more

Wait
Only moments when I'm with you
Wait

All the subtleties coming through

The sadness is the way I feel about you
I sit around with nothing better to do
And sadness is a look I've seen in your eyes
I never knew till it took me by surprise
Surprise
Surprise

Wait
Only moments when I'm with you
Wait

All the subtleties coming through

The sadness is the way I feel about you
I sit around with nothing better to do
And sadness is a look I've seen in your eyes
I never knew till it took me by surprise
And sadness is the way I feel about you
I sit around with nothing better to do
And sadness is a look I've seen in your eyes
I never knew till it took me by surprise
Surprise
