The touch of your hand, will let me know
You take me in, and let me go
If not for love, why would we meet
How is it done, two into one

CHORUS:

We're lifted up by angels
Higher than the world
Strong enough to leave it
Bound to leave the secrets
Angels never heard

We're lifted up by angels...

You understand, yet never say
How every plan would fade away
If not for love, where would you be
Ashes to dust, water to rust
Away from me

(chorus)

Close enough to heaven
Above the rain
Darkness cannot reach us
Let the angels teach us
Only love remains

We're lifted up by angels
Given wings to fly
Leave the night behind us
Trust the light to find us
Even as we rise

We're lifted up by angels ...

Close enough to heaven
Above the rain
Darkness cannot reach us
Let the angels teach us
Only love remains

(chorus)

We're lifted up by angels....
