I don't know what you want from me  
Or what you think a love ought to be  
I want something that's open and strong  
As the country this road's moving on  
From the mountain to the valley  
From the ocean to the alley  
From the highway to the river  
One emotion to deliver  
One heart, one way, one love  
To share but not to chain  
That's freedom  
It's a song of the heart  
A race in the wind  
A light in the dark  
That's freedom  
There's a reason to live  
After the rain and ~~the sun~~. ~~The sun~~ ~~The sun~~..  
That's freedom to me  
I don't know why it takes so long  
To remember  
What the world's doin' wrong  
Never wanted to shove my plan or another

Who can't understand  
All I want is a fast lane  
To where the road across this plain  
Won't take you  
I want something you understand  
To make us stand proud  
As nothing else can

BACK TO CHORUS  
THEN CONTINUE HERE

It's a measure of trust  
When love is alive  
It's tender and tough  
That's freedom  
It's all love is about  
The opening up and letting out  
Let freedom ring
