Oh mama I'm excited I'm almost out of breath  
And what I saw the light that made me run myself to  
death  
I was on the mountain side when I looked down below  
And glory be I thought I'd better come and let you know

That we got company comin' yeah there's company  
comin'  
We got company comin' up the road  
They're down the road about a mile they'll be here in a  
little while  
There's company comin' up the road

Well Granny change your apron and Willie shine your  
shoes  
Sally put your new dress on we got no time to lose  
Gotta find that welcome mat and spread it out with  
cheer  
I don't know yet just who they are can't pick 'em out  
from here

But we got company comin' yeah there's company  
comin'  
We got company comin' up the road  
They're comin' up the mountain side Susie don't you  
run and hide

There's company comin' up the road

Well we'll run out to the henhouse and we'll wring a  
neck or two  
We'll have chicken and dumplings and some yellow  
gravy too  
Grandpa get that fiddle down they might want a tune  
Everybody hurry up cause them folks will be here soon

Yeah we got company comin' yeah there's company  
comin'  
We got company comin' up the road  
Well let them folks shout out aloud they'll be here in a  
minute now  
There's company comin' up the road road road road
