Don't let the stars get in your eyes don't let the moon
break your heart

Love blooms at night in daylight it dies don't let the
stars get in your eyes

Oh keep your heart for me for someday I'll return
And you'll know you're the only one I'll ever love

Too many nights too many stars too many moons to
change your mind

If I'm gone too long don't forget where you belong

When the stars come out remember you are mine

Don't let the stars get in your eyes...

[guitar]

Too many miles too many days too many nights to be
alone

So please keep your heart while we are apart

Don't linger in the moonlight while I'm gone

Don't let the stars get in your eyes...
