Lying here beside you in the shadows with your body  
close to mine  
I can't help but wish that I could have you here beside  
me all the time  
Knowing that I cannot keep you from your going when  
the day is done  
Makes me wish that I was tall enough to reach the sky  
and stop the sun  
Now I can see the evening shadows slipping silent  
cross the floor  
And I curse the day for comin' to an end  
You'll fix your face comb your hair and leave my arms  
once more  
But when tomorrow comes we'll watch the evening  
shadows fall again  
[ guitar ]  
When we're here together I don't question why you  
came or why you go  
I'm sure you have your reasons but your being here is  
all I have to know

Knowing when you come to me there's nothing I can do  
to make you stay  
Just like all the other times you'll leave me at the  
ending of the day  
Now I can see the evening shadows...
