Well, I didn't come in here to cause you no trouble
And bartender, just forget that glass of beer
And I'm sorry, old buddy, that I pulled her from your
arms
But I just came to get my baby out of here

Would you believe she's never been inside of a honky
tonk
And would you believe she can't stand the taste of beer
Well, I just don't know what's come over my baby
And I just came to get my baby out of here
Well, I know exactly what you're up to
'Cause I've been watching what you've been doin' from
the door
And I told you once to keep your hands off of her
And I ain't gonna tell you anymore

Would you believe she's never been inside of a honky
tonk
And would you believe she can't stand the taste of beer
Well, I just don't know what's come over my baby
And I just came to get my baby out of here
