Well it's a great life if you don't weaken but who wants
to be strong
[fiddle]
Well I don't guess I'll ever make a million I just want
enough to get by
Like a checking the town in two or three banks and a
yellow Cadillac to drive
To go sportin' around with two or three red-heads or
maybe take a blonde along
It's a great life if you don't weaken but who wants to be
strong
[fiddle]
Just give me my money and cold hard pension give my
guitar in tune
And get me a date with a pretty little thing and I'll be
markin' afternoon

No want more than anybody else just takes more for
me to get along
It's a great life if you don't weaken but who wants to be
strong
[steel - fiddle]
It's a simple thing in life that really matter and I'm a
pretty simple guy
Just give me a house a swimming pool and a little sport
plane to fly
It don't take much to satisfy me I'm a country boy tryin'
to get along
It's a great life if you don't weaken but who wants to be
strong
