(Billy Deaton - Len J. Pitts - Hilda Young)

There's a place I've always wanted to go
That I've never had a chance to see
I first heard about it a long time ago
And I'd like to take you there with me

'Cause it's a place where happy hearts grow on trees
Lovebirds sing pretty melodies
A love light's always shining up above
A place where hearts never break and dreams don't
die
You'll never have to see you cry
If you'll let me take you to a land called love.

I finally found the one I was dreamin' of when I first
kissed your sweet lips
And it looks like the door to a land called love is at my
fingertips
You turned on your brand new kind of light in the
middle of my darkest day
And if you'll take one more step tonight I'll carry you
the rest of the way.

Straight to a place where happy hearts grow on trees
Lovebirds sing pretty melodies
A love light's always shining up above
A place where hearts never break and dreams don't
die
You'll never have to see you cry
If you'll let me take you to a land called love.

Just take my hand and let me take you to a land called
love
