(Edward Heyman - Victor Young)

Love letters straight from your heart  
Keep us so near while apart  
I'm not alone in the night when  
I can have all the love that you like.

I memorize every line  
I kiss the name that you sign  
And darling then I read again right from the start  
Love letters straight from your heart.

I memorize every line  
I kiss the name that you sign  
And darling then I read again right from the start  
Love letters straight from your heart...
