Sweethearts or strangers it makes no difference now
I'll leave it up to you
Sweethearts or strangers I'll get along somehow what
do you want me to do
I guess I'll always love you no matter what you say
By all the stars above you we can't go on this way
Sweethearts or strangers how can we go from here
sweethearts are strangers dear
[steel - fiddle]
Sweethearts or strangers what will the verdict be that's
what you must decide
Sweethearts or strangers don't you worry about me
and I've loved I left and I cried
I guess I'll always love you although you say we're
through

I'm glad that I had known you though my heart breaks
in two
Sweethearts or strangers how do we go from here
sweethearts are strangers dear
