She was barely out of school, when she first caught my  
eye  
We passed out in my room, too drunk to say goodnight.  
Sofie so fair, una una, oppe oppe, sofie so fair una  
oppe shoppe kloppe  
Sofie so fair, una una, oppe oppe, come on sofie,  
spend some time with me.  
I woke up feeling down, cos I knew I had to go  
We dragged each other round then she showed me the  
sofie toast.  
Sofie so fair, una una, oppe oppe, sofie so fair una  
oppe shoppe kloppe

Come on sofie, spend some time with me.  
I never even kissed her until we said goodbye  
And every day I missed her  
But I know her drinking song and I know my right from  
wrong.  
Sofie so fair, una una, oppe oppe, sofie so fair una  
oppe shoppe kloppe  
Sofie so fair, una una, oppe oppe, come on sofie,  
spend some time with me.
