[Intro]

The brightest diamonds ever known

Yeah, Angie Mar

T-Ice

Take it to the record

[Verse One: Angie Martinez]

I wish you understood how I feel

Cause these words is real

After that bullshit

I coulda preferred to chill

But tell you what you deserve to get

But I still sat back and heard your shit

You said chill it wasn't shit

But come on I deserve to be mad

That whole situation was bad

I wish there was one of those moments in it

I could break and just laugh

But it was too serious to take what I had

I mean what I had was deep

Its still deep but damn

Its sad to see how one weekend could be like damn

One situation

See I can't

Have this type of relation

Hes my man

Or, hes my nigga

Or, hes my ...

Try to understand

Please pa, honest is the plan

And I don't mean

Please pa, beggin with my hands

I mean like

Please pa, got feelings, damn

[Chorus: Tony Sunshine]

See, I know what you're facing

This fucked up situation

And maybe she might like me

Mami, leaving ain't like me

Cause baby you're a part of me
And baby its just hard to see
That you could flip anyday
But you would love me anyway

[Verse Two: Angie Martinez]

Ah Yea I know know I was wrong too
I made the wrong move
I went and looked through something that belonged to
you
And I found out sittin
I was all confused
Mixed emotions coming
Feeling all abused
Shocked when I read
Who you was calling boo
Dropped it and I left
Stormed out
No talking to you
You'll never understand
How I felt
Waking downstairs
And you knew something was wrong
But I had to finish that song
Couple minutes
Didn't really take me that long
Still feeling confused
But I had to go strong and attract
And relax, sit back
Then you came in
And you asked what's wrong
The facts is blatant
I didn't have to say it
Stop playing
Shit, at that point
Even you knew I was OK to flip
How could you
No matter what you thought we was
Just throw around a word called love
Come on

[Chorus: Tony Sunshine]

See, I know what you're facing
This fucked up situation
And maybe she might like me
Mami, leaving ain't like me

Baby you're a part of me
And baby its just hard to see
That you could flip everyday
But you would love me anyway

[Verse Three: Angie Martinez]

Thats exactly how it is
Exactly what I'm talking about
Exactly where it'll end up
This song after I'm walkin out
Niggas don't understand
When you give them your all
How many times you hang up
When you're daying to call
Try to dial his numbers
And you start with the first four
When you get to seven
Your heart beat like you're eleven
I learned my lesson
And I waive if there was any
I still try to understand shit
With out no henny
Just a clear mind
While you're thinking its just mere rhymes
I gotta go through this shit
And still report fine
And get on air
Be clear
Animal for real
Each year
The bullshit going on
I'm prepared
I ain't the only one
Chicks be going through it
Niggas don't understand
We be borderline losing it
And these feelings is real
So like I said in the first verse
I wish you understood how I feel for real

[Chorus: Tony Sunshine]

See, I know what you're facing
This fucked up situation
And maybe she might like me
Mami, leaving ain't like me

Cause baby you're a part of me
And baby its just hard to see
That you could flip everyday
But you would love me anyway
