[Mastamind]

My dick don't lie so if I'm lying I'm dying
I spent my last on some ass I'm thinkin should I keep
buyin
Please don't get me to reminscing
Why you think your hoes missin, I got her ass in
position
Here we go with the flow again
Hoe after hoe again
You sleeping on your bitch, my man we's about to roll
again
Who's fucking who , I'm fucking her cause she said
fuck you
I'm doing her till she's done and drop her off when I'm
through
Give her back to you but you don't wanna keep her
You rathe let her roll with the late night creeper
She's whispered in my ear with a secret
"Mastamind he mistreats me, he beats me, he hates to
eat me can you help me?"
You best to help yourself see
You and that nigga with that sick dick better get some
therapy
I can't do nuthin but hear your problems and woes
So watch the doors as they close, yo this is what my
mind says

[Esham]

My mind says stop, my mind says go, my mind says I
can never to love a hoe
(this is what my mind says)
My mind says stop, my mind says go, my mind says I
can never to love a hoe

[Mastamind]

Momma said never love a hoe, make a hoe make your
dough
I'll break a hoe if she takes me for some kind of John
Doe
Yo I don't think so, I got some shit built up on my mind
In time, you'll find trickin is a crime

I'll let the next nigga trick with you, bitch you'll get the
dick in your mouth
A devilish nigga knock your ass out
Say hoe TKO in the first
Now how you like me when I'm mad at the world ready
to burst
So don't fuck with me, heavyweight from Detroit city
I got my dick in your mouth, bout to whip on your titty
That dirty minded Mastamind's is in your ear
The most devilish player of the year dick is here

[Esham]

My mind says stop, my mind says go, my mind says I
can never to love a hoe
(this is what my mind says)
My mind says stop, my mind says go, my mind says I
can never to love a hoe

[Mastamind]

It's all in your head, you better off dead
I know you need to be fed but I can't give you your daily
bread
So die bitch, die hoe your fuckin with a psycho pimp
I'm fatally attracted don't get your ass kicked
And don't attempt to get inside mind cause my mind
says no
My mind says I can never learn to love a hoe
Momma said don't call that trick a hoe call that bitch a
slut
Like everyday I'm back in that ass for another fuck
She spends her spare time dick licking and tricking
Waiting for me to stick this wicked dick in
Oh no you know I won't do that so, I'm out the door
I left your ass in ninety four, hey yo

[Esham]

My mind says stop, my mind says go, my mind says I
can never to love a hoe
(this is what my mind says)
My mind says stop, my mind says go, my mind says I
can never to love a hoe
Hey yo this is what my mind says
