And I love you so
The people ask me how,
How I've lived till now
I tell them I don't know

I guess they understand
How lonely life has been
But life began again
The day you took my hand

And yes, I know how lonely life can be
The shadows follow me and the night won't set me free
But I don't let the evening get me down
Now that you're around me

The book of life is brief
And once a page is read,
All but love is dead
That is my belief

And yes, I know how loveless life can be
The shadows follow me and the night won't set me free
But I don't let the evening get me down
Now that you're around me

And I love you so
The people ask me how,
How I've lived till now
I tell them I don't know
