CHORUS:
Going steady with a heartache
Getting ready for a heartbreak
Going steady with a heartache
Getting ready for a heartbreak

Your arms still hold me
But your eyes have told me
Our love has gone,
Gone away
I know it's over but I can't say goodbye

CHORUS

You say you'll miss me
Each time we say goodbye
Your lips still kiss me
But in your heart, you lie
I know it's over but I can't say goodbye

CHORUS

I'll never love
Anyone but you
If my heart must break,
Let it break in two
I know it's over but I can't say goodbye

CHORUS
(repeat and fade out)
