You were a young girl in Spanish lace
You had the time, girl, I had the place
So while guitars played, the time was right
I made you mine in the middle of the night

CHORUS:

I made you mine in the middle of the night
And your eyes were filled with love so bright
I couldn't stop no matter how I tried
I made you mine in the middle of the night

My plan was love then go away,
Find me a new love another day
But I lost my heart when I held you tight
And made you mine in the middle of the night

CHORUS
