A Christmas bell was cryin'  
Then Santa heard it say,  
"I just can't seem to jingle  
And I can't go on the sleigh."

Then Santa soon discovered  
The reason that it cried  
The bell that couldn't jingle,  
It had nothing there inside

Then Santa said, "Jack Frost will bring  
My Christmas gift to you.  
And on Christmas Eve, you'll jingle  
Just like you were brand new."  
Then Jack Frost froze a teardrop  
So each time that it swayed,  
The bell that couldn't jingle (jingle),  
It went jingling all the way

Oh, jingle, bell, jingle, bell  
Jingle all the way  
The bell that couldn't jingle,  
It went jingling all the way

(Then Santa said, "Jack Frost will bring  
My Christmas gift to you.  
And on Christmas Eve, you'll jingle  
Just like you were brand new.")  
Then Jack Frost froze a teardrop  
So each time that it swayed,  
The bell that couldn't jingle (jingle),  
It went jingling all the way

Oh, jingle, bell, jingle, bell  
Jingle all the way  
The bell that couldn't jingle,  
It went jingling all the way
