She was looking right through me like I was made out
of glass
A la la la la la
Heaven, lie and tell, comes back like up at a check
Why do you get so emotional?
Why do you get so emotional?
Why do you get
Smokin' and drinkin', tryin' to kick stuff Monday night
Smokin' and drinkin', tryin' to kick start Monday night
I try and I try
A sneaky feeling is coming over me
Why do you get so emotional?
Why do you get so emotional?
Why do you get so emotional?
Why do you get so emotional?
