Maybe I'll just dream of you tonight
Deep into a distant time where no one minds
And everyone says they'll understand me
But I can't take it anymore, I can't even close my eyes

Maybe I'll just dream of this tonight
Drive a stake into a love that no one finds
And everyone says they'll understand me
A sleeping cancer never cured, I can't even close my eyes

I can't breathe life back into this lifeless, compulsive,
girl
And I sleep with it on

You never told me I could cry
Now cry away with me
We'll cry into the sky
Now up and up we go,
Now up and up we go,
Coz one cares

Sleep when I'm gone
Can't wait too long
It doesn't even know it's there
I've been to you ever-long
It doesn't even know it's there

I can't breathe life back into this lifeless mask
And I sleep with it on

You never told me I could cry
Now cry away with me
We'll cry into the sky

Now up and up we go,
Now up and up we go,
Coz one cares

In the sunlight
No... and it's alright.
