[Chorus]

Yo, yo, if you're loving hip hop say i do, i do,  
mix it up with some rock it's the crew, it's the crew,  
and we're leaving one option for yall, ok, ok,  
and you know we ain't do this no other way,  
when the cats gone,  
that's when them haters come out to play,  
not today son, as long as we're here no freakin way,

[Kid Deft]

i strike back with a mike rap, and write rap  
tighter than bike pants  
been tight since my first mic check and i'm like that  
check it like a new nike hat  
when i burst my set  
the best you see is the worst i get  
flawless, regardless  
that's why they call us tyrannasaurous artists  
we step to farthest, tear up the scene, like a  
pterradacktills carcass  
yeah i been down since before my fore fathers  
jumped off them port barge's, destroy haters  
we avoid them like court cases  
leave all of the tort hatred inside of these book pages  
these crazy caucasians give you all of the more reason  
to love rap music for all of the four seasons  
so i double the rhyme  
brother i will never will fumble my line  
there ain't no trouble of mine  
i line you up and rumble you one at a time  
it's the incredible Kid Deft  
and i'm puttin my level of skill to the test  
till there ain't no body here left  
and all you hear is the sound of my breath

[chorus]

[Diablo]

now james dean was pretty bad  
but i'm double the rebel  
raising the level

listen products, pumpin the bass and treble  
d-r-b - never cruise past the last dude in the classroom  
my brain will overload and explode like a crash boom  
we be the fat beat brigade  
aka rhyme collectors  
all care no responsibility when i get reckless  
so check this, my technique is jack the rippers  
rhymes cut you close like my remington clippers  
and i speak clearly with a stutter,  
but i used to mumble (mumble)  
i'll make your whole empire crumble  
i'm humble  
i won't hesitate to act out  
laugh at any clown  
leave me stumblin to the ground  
but we never back down  
and if it happen to be  
that you love hip hop more than me  
you become one of the team  
with 'fast crew' printed up upon your tee  
it's the incredible f-c's  
complete with mic's and decks  
we're here to make ya bump ya head till ya break ya  
fuckin necks

[chorus]

[Jerome Fortune and Becks]

what's my name?

Jerome

and what's yours?

B-recka

and we be coming up trying to send yall this message,

who's on the scene?

Fast, who's be the team?

Crew, who stole ya dream?

Fast crew that who

now if you thought the beat sounded like it was high on  
drugs

or if you thought the dude who wrote it came straight  
from the club

you were probably right

i wasn't sober that night

hell i might have even gone to far and endangered my  
life

but i'm back to rock the cradle

so plug in all the cables

if your crew was audio - i'd grab the mix and start to  
fade you

if your stuck up

then shut up

cos we be kickin mud up  
jerome and b-recka  
like clay and rueben studdard?  
And if you critics don't go back and start to pack your  
luggage  
i be coming for your girl  
and i be coming for your husband  
and that's something kind of rugged  
yo i'm on my monthly  
jerome and b-recka  
this shit is getting ugly
