"Always Never"

Visit "[Always Never](#)" on MotoLyrics.com

Strange town, shake down
Sink or swim
Old flames, stage names
Shed your skin

Always and never
We change like the weather

Long gone, house young
Memories
Closed doors, cold wars
You and me

Always and never
We change like the weather

When will you ever
make up your mind (come on) (x3)

Jaded, elated
Time of day
Time out, freak out
Games we play

Always and never
We change like the weather
When will you ever
make up your mind (come on)(x7)
