Let it bleed, until you run dry
Let it bleed, tomorrow's never gonna come

'Cause the black rain is fallin' tonight
I can't find my way home
'Cause the black rain is fallin' tonight
I can't find my way home

I can't take all of the bad days
When it rains, it's better not to go outside

'Cause the black rain is fallin' tonight
I can't find my way home
'Cause the black rain is fallin' tonight
I can't find my way home

Going all the way down, oh yeah
Going all the way down, it's coming down

Let it bleed, until you run dry
Let it bleed, tomorrow's never gonna come

'Cause the black rain is fallin' tonight
I can't find my way home
'Cause the black rain is fallin' tonight
I can't find my way home

It's coming down, oh, it's coming down, yeah
