Listen...

Listen in...

Listen...

Listen in to the sound

All the day stops

Chords keep ringing

Can't believe what I've found

I'm shellshocked

Finding out

When I hear her coming 'round

I drop everything

When I hear her coming 'round

Yeah

Everytime she walks

Everytime she speaks

I can feel the ground

movin' underneath

And I don't remember how it ever was before

Daylight

It's alright

Even when she's gone

'cause it won't be long

I know everything is different

'Cause everytime she walks

Everytime she speaks

I can feel the ground

movin' underneath

And I don't remember how it ever was before

Everytime she walks

Everytime she speaks

I can feel the ground movin' underneath

And I don't remember how it ever was before

Everything is turned around

and nothing looks the same to me

She is music when she walks

She's playing me a melody

Everything is turned around

and nothing looks the same to me

Listen in...

Listen...

Listen in to the sound  
All the day stops  
Chords keep ringing  
Got my feet on the ground  
I'm not losing, losing  
When I hear her coming 'round  
I drop everything  
When I hear her coming 'round  
Yeah  
'Cause everytime she walks  
Everytime she speaks  
I can feel the ground  
movin' underneath  
And I don't remember how it ever was before  
Everytime she walks  
Everytime she speaks  
I can feel the ground  
movin' underneath  
And I don't remember how it ever was before  
Everytime she walks  
Everytime she speaks  
It's like the world is turning just for me  
It's like the world is turning just for me
