I saw you yesterday
I was not phased, I did not care
You, you turned and walked away
As if I was not even there

I don't know, you don't know
We don't know why
I tell myself these little white lies
These little white lies
Like I don't miss you
I tell myself these little white lies
These little white lies
And I just walk around
With my eyes closed (x3)

I don't miss you all that much
Don't miss your kiss, don't miss your touch
I'm so happy to be free
I don't need you, you don't need me

If you don't care, then I don't care
Please tell my why
I tell myself these little white lies

These little white lies
Like I don't miss you
I tell myself these little white lies
These little white lies
And I just walk around
With my eyes closed (x4)

I tell myself these little white lies
These little white lies
Like I don't miss you
I tell myself these little white lies
These little white lies
Like I don't love you

I tell myself these little white lies
These little white lies
Like I don't miss you
I tell myself these little white lies

These little white lies
And I just walk around
With my eyes closed (x8)
