He's got it all  
He's got it all  
Listen to me

I just got finished  
Giving the hotel manager  
Back the room key  
And I paid my bill

You see, I was outside in the car  
In the shadows of the parking lot  
Telling this woman that I was with  
How happy she had made me  
And she had made me feel real good

Kissing and hugging  
And all of a sudden  
Another car pulled up  
On the parking lot

And, people  
I couldn't believe my eyes  
'Cause the woman that was  
Sitting in the front seat  
Besides another dude  
Turned out to be my old lady

There she was with another man  
Oh, oh, it hurt me so bad  
And the only thing I could say about it

Oh, I was checking out  
And my old lady  
She was checking in

You see, I was with my other woman  
What hurt me so bad  
She was with her boyfriend

Listen to me

Tears, tears began to fall like rain

She waited outside, y'all, in the car  
While he went inside to rent the room

I wanted to say something to her  
But there was nothing to say  
'Cause the woman I was with  
Yes, she was married too

Ow, checking out, my old lady  
Old lady, my old way  
Was checking in

See, y'all have to understand  
Where I'm coming from

I was trying to be cool  
About the situation, sitting there  
Another woman asking me  
Saying, baby, what's wrong  
Are you that happy  
I see tears falling down

But see, y'all don't understand  
Another man was taking my old lady  
Into the Hideaway Motel  
And I was with my other woman  
And I couldn't say a damn thing

She, she  
She was supposed to be at home  
Minding the kids  
But both of us were being untrue

Ooh, I guess I'll have to go on  
Go on being blind  
'Cause I can't reveal you  
Not without showing mine  
Not without showing mine

Oh, I was checking out  
Hear me, people  
My old lady with another man  
Was checking in

You see, people  
What made it really so bad  
Was, uh, the hotel operator  
Gave her the same room  
That I had just checked out

Oh, the tears started

Falling down like rain, rain  
Every time I thought  
I had it turned down  
It would just start acting up again

Oh, oh, oh, I, I, I, I  
Somebody, somebody, talk to me  
Ooh, ooh, ooh, ooh

Have you ever been there  
All you got to do is wave your hand  
Let me know I'm not alone, oh, oh

Baby, I'm checking out  
That woman you see with  
Another man was checking in  
And what make it so bad  
That's my woman, oh
