(Verse 1)

The fall of Babylon was prophesized to come to pass  
Messenger Elijah said there will be fire  
This wicked city shall burn at last  
And everyone shall return to his home  
Each shall flee to his native home  
Land for the wicked? Man time is gone  
You don't believe" you shall see when the fire come  
"Fire come," burning through your town  
And ain't no water going to cool it down  
And there is no place to run,  
For, the time is Armagedd-eon

(Chorus)

Hear the science  
"Hear the science!"  
And the mathematics  
"Hear the science!"  
of the destruction  
"Hear the science!"  
in this holy Armagedd-eon

(Verse 2)

Elijah did tell ya of the great catastrophe  
That shall fall upon America for the sin of slavery  
You shall see the holy prophecies of Armageddon  
come to pass  
When you hear the angel Gabriel blow the mighty  
trumpet blast,  
Which will send vibrations all around  
And everybody's going to hear the sound  
The ultrasonic sound waves will be so strong,  
that they will crumple tall buildings down "to the  
ground!"  
And there will be a message written in every language,  
Saying "Hurry! Hurry!  
Everyone to his home, for the hour of destruction is  
now!"

(Chorus)

Hear the science  
"Hear the science!"  
And the mathematics  
"Hear the science!"  
of the destruction  
"Hear the science!"  
in this holy Armagedd-eon.

Bun-bung de de boy,  
Bung-bung de de boy, bing bing  
Bung-bung bu-ding, wing dang  
What a ding,  
What a dang  
What a ding

Bun-bung de de boy,  
Bung-bung de de boy, bing bing

Bung-bung, bu-ding, wing dang  
What a ding,  
What a dang  
What a ding

(Verse 3)

Ezekiel had a vision of Allah n' his mother playing  
And from out of this awesome will within the will  
is from where the angel Gabriel came  
And there will be many more ships in doubt after the  
trumpet blast  
And the job of the angels within these ships  
is the release of the poison gas,  
which will kill every living thing about the ground.  
And after destruct is done, more ships will come  
and Egypt shall drop three one ton fire bombs  
Which will drill deep down: one-mile into the ground  
For each bomb is tying to it's cloak  
And the fire shall ignite the gas in the air  
setting ablaze the atmosphere

(Chorus)

Hear the science  
"Hear the science!"  
And the mathematics  
"Hear the science!"  
of the destruction  
"Hear the science!"  
in this holy Armagedd-eon

(Chorus)

Hear the science  
"Hear the science!"  
And the mathematics  
"Hear the science!"  
of the destruction  
"Hear the science!"  
in this holy Armagedd-eon

Acid rain coming down from the clouds  
"You know Elijah did tell ya!"  
Fire burning down the rich man's house  
"You know Elijah did warn ya!"  
Hurricane come and blow them house away  
"You know Elijah did tell ya!"  
That this is a sign of the Judgement Day  
"You know Elijah did warn ya!"

Earth quake shaking up the concrete ground  
"Farakkan is here to remind ya!"  
Rumors of war spreading all around

"Farakkan is here to remind ya!"  
Man have sex with man. Girl have sex with girl  
"Farakkan is here to remind ya!"  
That this is a sign of the end of this world  
"you know Elijah did tell ya!"

You better be ready, for the wrath of Allah  
Master Farad Muhammad is wrapped in Armagedd-eon  
You better be ready now for the fall of Babylon  
cause Babylon is going to fall in Armagedd-eon  
You better be ready, for the fighting in the street  
Cause the war is going to take place in Armagedd-eon  
You better be ready now  
For when it's time for us to leave  
cause if you sleep, you're gonna feel the fire  
Cause the fire gonna come in Armagged-eon  
The fire gonna come in Armagged-eon  
The fire gonna come in Armagged-eon  
There's no place to hide. There's no place to run  
Hear the Science
