Nothin' Can Save Ya
Bobby Womack feat. Fatoumata Diawara

I was cryinâ€™ from dreaming
And my heart was making plans
Tried to hold on
But it was falling through my hands
Did you hear me baby
Did I get close to your soul
Tried to reach ya
But I had to let it go

I know itâ€™s over
I know itâ€™s no longer
I know itâ€™s over
I know itâ€™s no longer

A song fight took you back
You were never really mine
You land..ed in the twilight
And slowly slip..ped away

Heaven hand you down
For a moment in my life
Space walls around us
Was a falling from the sky

I know itâ€™s over
I know itâ€™s no longer
I know itâ€™s over
I know itâ€™s no longer

Was kind of dreaming
And my heart was making plans
I tri..ed to hold on
I tri..ed to hold on
Did you hear me baby
Did I get close to your soul
I tri..ed to hear you
But we had to let it go

I know itâ€™s over

I know itâ€™s no longer
I know itâ€™s over
I know itâ€™s no longer

Never, never, never
