Can't you see -- then, quicksand!
It's gonna take more than a hand to pull you out
It's like (? roam brawling ?)
You keep sinking -- deeper, deeper!
And the more you're tryina' fight, you're getting weaker

There's only one way to do right
Is to leave it all alone
Anything ones have, it won't come easy
And if it do, boy -- pass it on!

You've been quicksand!
It's gonna take more than a man to pull you out (Oh,
yeah)
You keep sinking -- deeper, deeper!
And the more you're trying to fight, you're getting
weaker

There's only one way to do right
Is to leave -- leave it all alone
Anything ones have, it won't come easy
And if it do, you'd better pass it on

(Awh!) Quicksand!
(Ooh!) Quicksand!
That's something -- quicksand!
(Oooh!) Quicksand!

(Hey!)

(Oh!) Y'all, you've got yourself in a world of troub --
Trouble... (Yeah!...)
