You're bent on everything that breaks me
And now I feel so wrecked
And it's not the cold that has me shaking at the spot
Where you, where you left me
You left me waiting so frustrating
But I don't mind tonight, tonight
Cause I woke up in your basement
Looking for my clothes and wondering where the time
went
I'll never forget tonight
Cause wrong never felt so...

You can't hide the taste of your cheap lipstick
I'm quick to place my hands upon your hips
And draw you near my palms are getting sweaty
I think we're ready to cross the line
And your innocence is the last thing on my mind
And my confidence it grows and it grows
Until we both pass out

Woke up in your basement
Looking for my clothes and wondering where the time
went
I'll never forget tonight
Cause wrong never felt so right
Wrong never felt so right
Wrong never felt so...
So right

I look into your eyes
And all of space and time seems irrelevant
You are heaven sent
What happened to the time spent wonder?
I'm pondering where will I go?
I look to the window as we lock eyes
Sit with me until then, until then

Dig your nails just a little deeper
(I won't stop, I won't stop, I won't stop, I won't stop) [x8]

Woke up but I'm still sleeping [x2]

Woke up in your basement
Looking for my clothes and wondering where the time
went
I'll never forget tonight
Cause wrong never felt so right
Wrong never felt so right
Wrong never felt so...
