Getting over you
It turned out to be more complicated than planned
Getting over you
These problem's worth facing if I had my friends
It's 3 A.M.
And I'm so lonely
Even though
I'm so far from alone
I just wish I could drink you away but instead (instead)
I'm going home

She says: boy this bottle's not for you
But I'll take a chance and make a stand
This letter's for you
And I know that the pen is mighty but I'm out of ink
So this song is my weapon of choice

We remember the good days forever and always
We were so young, but not innocent
We couldn't wait to grow up
(We couldn't wait to grow up)
We would live for the radio
Make up words to the songs we didn't know
But we didn't care
We couldn't wait to grow up
(We couldn't wait to grow up)

My name will stay on the tip of your tongue
I will be your favorite mistake
My name will stay on the tip of your tongue
I will be your favorite mistake

We remember the good days forever and always
We were so young, but not innocent
We couldn't wait to grow up
We would live for the radio
Make up words to the songs we didn't know
But we didn't care
We couldn't wait to grow up
We couldn't wait to fall in love
I just want to fall in love

My name will stay on the tip of your tongue
I will be your favorite mistake
