I'm no prince charming but for the sake of conversation
Let's pretend I found your slipper
And we'll stay out past midnight.
I'm down with taking risk.
Let your hair down cause I'm on my way up to see you.
Even though my shining armor is a bit faded.

Mirror, mirror on the wall.
She's the one that makes me fall.
Fairytale and lullabies come to life as we say
goodnight.
Mirror, mirror speak to me.
If this is just a fantasy,
I don't mind cause I've never felt so alive.

Whoa, Whoa, Whoa, Whoa [x2]

I'll run, run, run just as fast as I can
And I can't keep my feet beneath me.
She'll huff, puff, and blow you away
And I know that being the fairest of them all
No it can't be this easy.
She makes my world fall down.
With her every word she blows me away.

Mirror, mirror on the wall.
She's the one that makes me fall.
Fairytale and lullabies come to life as we say
goodnight.
Mirror, mirror speak to me.
If this is just a fantasy,
I don't mind cause I've never felt so alive.

Whoa, Whoa, Whoa, Whoa [x2]

Once upon a time meets happily ever after.[x4]

Three wishes, just three wishes and I'm here to stay.
Three wishes, just three wishes

Tell me a story so I can sleep.
I won't have nightmares, I'll have good dreams.

Dreaming about fairytales and lullabies.

And this is how the story ends.
