Try to believe in the distance between us.
Want you to have all the things that you want
But they're all broken so let's focus.
Let's focus on getting through tonight.

Saturday, what a day. Here we go again.
Last night, what a night. Let me tell you my friend.
I met the girl of my dreams and I wasn't even sleeping.

I've got a way to make this work.
I've got a way
I've got a way to make this work
I've got a way

It's like reaching for the stars or breathing under water.
I guess some things just weren't meant to be.
You're here for tonight, but you'll be gone in the
morning.
You'll still be here in my dreams.

Seattle sunrise burning in her eyes
And I can't see why she's leaving me for home.
I've got the sun on my back and it's much too hot for
this.

I've got a way to make this work.
I've got a way
I've got a way to make this work
I've got a way

It's like reaching for the stars or breathing under water.
I guess some things just weren't meant to be.
You're here for tonight, but you'll be gone in the
morning.
You'll still be here in my dreams.

Now close your books up.
Here is your lesson.
Keep your hands up if you have any questions.
I'm teaching Pillow Talk 101 let's try to keep the sun
down.
